

West Michigan Critter Haven Rabbit Foster Application

Thank you for considering volunteering to help us save more lives by being a foster! Please complete the following application and email it to info@wmicritterhaven.org for review. An adoption/foster coordinator will call you for an interview when it is received. Do your best to answer each question. We recommend visiting the house rabbit society's webpage at www.rabbit.org before answering questions.

Fosters can expect to provide indoor housing, food, litter and toys for a foster bunny. The rescue can generally provide cages if needed. Vet care is dealt with on an individual basis and must be discussed with the director before treatment.
